NDEP suggested talking points - YPT Tribal council March 8.docx

All,

In advance of our meetings next week and our call schedule for next Tuesday, NDEP offers for EPA and BLM consideration and review the attached suggested messages and remarks for the YPT council meeting. If these work, we would plan to edit to adopt for use at the WRPT meeting.

We broke them into three groups

- A. "Main Messages" all three agencies can plan to get across during the meeting, and these could be echoed by everyone throughout the meeting
- B. Nevada suggested opening remarks
- C. NDEP answer to likely question from tribe about consultation.

NDEP anticipates that we will have further information on the Governor response letter to the YPT December and February letters soon, and hopefully before we talk next Tuesday.

We welcome your suggestions and look forward to building these relationships with you.

Thanks,

Greg
